

CERTIFIED FIRE INSPECTOR I (CFI-I)

Certification Preparation Course

START INSPECTING WITH REDA HAZARD CONTROL

INTRODUCTION

Looking to launch a career in fire inspection? The Certified Fire Inspector I (CFI-I) certification is your entry into this vital field, ensuring safety through code enforcement. RHC offers expert-led training to help you succeed, no experience required. Join us to gain the skills and credential trusted by Authorities Having Jurisdiction nationwide. starts now!

WHY CFI-I?

- **Industry Standard:** ProBoard-accredited and based on NFPA 1031, CFI-I is the entry-level certification for fire inspectors, accepted by Authorities Having Jurisdiction (AHJs) nationwide.
- **Career Start:** Qualifies you for government sector, private sector, or private inspection roles, with demand growing as fire safety regulations tighten.
- **Core Skills:** Learn to enforce NFPA 1 (Fire Code), 13 (Sprinklers), 25 (Water-Based Systems), 72 (Alarms), and 101 (Life Safety) through practical application.

WHAT REDA OFFERS

- **Targeted Training:** Focuses on NFPA 1031's job performance requirements, including inspection techniques, code interpretation, and documentation.
- **Expert-Led Sessions:** Live classes with REDA's certified instructors, featuring case studies from real inspections and hands-on guidance.
- **Practice Exams:** Full-length, 100-question mock tests replicating the 2-hour NFPA exam, plus prep for the required field practicum.
- **Resources:** Includes NFPA code excerpts, inspection checklists, and instructor support.

STEPS TO SUCCESS

1. **Eligibility:** No prerequisites—ideal for beginners or professionals transitioning into fire inspection; all you need is a desire to learn.
2. **Enroll:** Register with REDA Hazard Control for a program that starts monthly, with flexible scheduling for working professionals.
3. **Pass:** Succeed in the 2-hour, 100-question exam (70% passing score) and complete a field practicum, guided by REDA's structured prep.
4. **Certify:** Receive your CFI-I credential, ProBoard-registered, and kickstart your career in fire prevention and safety enforcement.
